

What is the CSUN student experience like and what resources are available to help students succeed?

December 9, 2016

# Insights into the CSUN Student Experience

*Please choose one question from the list below and write your answer in the space provided on your program.*

- For audience members who are or were first-generation college students here at CSUN to consider—what is the experience like?
- For students—what advice would you offer your freshman self based on your experience at CSUN?
- For anyone—what are some of the things we do really well at CSUN to support our freshmen and transfer students in their first year here?

# Enhancing the CSUN Student Experience

*Please choose one question from the list below and write your answer in the space provided on your program.*

- For students—what can faculty and staff do to make the student experience more positive and encouraging for greater academic success?
- For anyone—what are some ways we can lift up the voices of our students to learn more about their experiences?

# Resource Awareness

*Please choose one question from the list below and write your answer in the space provided on your program.*

- For students—how do you learn about the resources on campus that are available to you?
- For faculty and staff—how do you learn about the resources on campus that are available to students?
- For anyone—what is a service or two on campus that you either used as a student or recommended to a student that proved to be helpful? What was helpful about the service(s)?
