

Three Ways You Can Help Shane Frehlich

- **Join** the Bone Marrow Donor Registry online <http://bethematch.org/> (enter promotion code hope4shane) or at the Donor Drive at CSUN's Redwood Hall on Tuesday, December 9th from 10 am to 4 pm. If you're already a member, please update your contact info.
- **Sign up** at <https://mealtrain.com/vndlw> to give the family a meal. Meals can be dropped off at the Faculty Senate Office (Oviatt Library, Room 10) and they will be delivered to the family.
- **Donate** to the medical fund <http://www.gofundme.com/FrehlichFamily> created to help the family pay for the mounting medical bills from Shane's cancer treatment and his newborn son's recent NICU stay.

Two years ago, Dr. Shane Frehlich, CSUN Faculty President and Professor of Kinesiology, was diagnosed with Acute Myeloid Leukemia. He underwent four rounds of chemotherapy and was declared cancer free.

Unfortunately, on Nov 6 Shane was admitted to the hospital because the cancer came out of remission. He is currently undergoing chemotherapy again and will need a bone marrow transplant.

If you'd like to help Shane and his family (Dianne, his wife, Max and Miles, his two-year old sons, and Jonas, his newborn son), please consider clicking on one of the links above.
