News Brief 2018-2019

Featuring the Administrative Credential Program

Did You Know That...

The Department of Educational Leadership and Policy Studies (ELPS) provides a Preliminary Administrative Services Credential Program for candidates interested in an administrative or supervisory position. Through LINCS, data has been collected on fieldwork assignments, identifying CSUN’s school and district partners in the preparation of administrative services credential candidates. During the academic year 2018-19, ELPS provided field assignments for 66 candidates. Of these assignments, 55 (83%) were in LAUSD area schools, including LAUSD affiliated and independent charter schools. In addition to LAUSD, assignments were in 6 other school districts, a public charter school, and the LA Archdiocese as shown below.

LINCS (Learning Inspired through Networking and Collaboration with Schools) is driven by a single mission for California State University, Northridge (CSUN): to build and sustain strong linkages between CSUN and local schools. Through networking and collaboration, our institutions share expertise, services and resources. We strive to build productive relationships that inspire learning throughout our community by: (1) establishing and maintaining an asset mapping system, (2) facilitating networking and visibility for school partnerships, and (3) strengthening and building potential new linkages.
