

WE ARE HIRING!

Seeking Research Assistants (10–15 hours)

EMBARC, an NIH-funded project, is seeking research assistants! No previous research experience necessary.

Note: This is a paid position

EMBARC aims to aid community college students in harmonizing their home and academic cultures as they navigate science and their transition to 4-year institutions.

Benefits:

- Receive research training
- Assist with several aspects such as recruitment, data collection, data organization, analyses, and evaluation of the program
- Engage in meaningful research & more!

To apply, please visit:
