

CAPTIONING VIDEOS ACCESSIBLE COURSE CONTENT

In 2020, CSUN has more options around captioning than ever!

If a class has a student with a relevant approved accommodation – whether the class will be taught live or feature pre-recorded videos – contact **NCOD: Deaf and Hard of Hearing Services.**

For live lectures via Zoom for classes without an approved accommodation, contact the **Universal Design Center (UDC)** to explore options.

For instructor-created videos, start with Panopto, a new service for faculty and staff that will caption videos automatically while offering a simple interface to edit captions.
