

SIMPACT

IMMERSIVE LEARNING

Simulated Environments. Real Results.

INCLUSIVE LEADERS WORKSHOP

3 PART SERIES

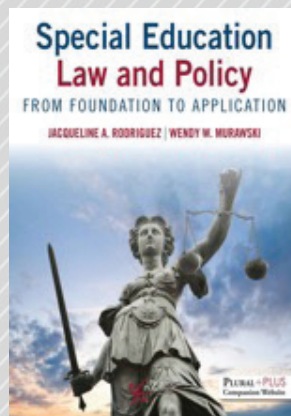

Is your school/district trying to become more inclusive of learners with disabilities?
Are you struggling to know your role in the law, ethics, and practical issues around inclusion?

Attend this **3-part series** of two-hour workshops facilitated by Dr. Wendy Murawski, nationally recognized expert in inclusive practices, and learn more about your role by actually practicing skills! With the use of mixed reality simulation (think: Avatars!), participants will be presented with situations in which they need to respond in real time to irate teachers, confused students, legal advocates, and passionate parents.

Each 2-hour session will start with Dr. Murawski offering additional guidance on the laws, policies, and best practices surrounding inclusion, followed by intense and supportive practice in communicating and navigating difficult situations.

Participants will all receive a copy of *Special Education Law and Policy: From foundation to application* (Plural Publishing, 2022) and engage with the award-winning SIMPACT Immersive Learning program.

Save the Dates!

April 14, April 21, April 28
4-6pm PST/ 7-9pm EST

Upon completion and attendance at all three sessions, participants will receive a **certificate of participation** for professional development hours.

Cost: \$210 (includes book)

Who should attend? Educational leaders of all kinds (Superintendent, Asst Superintendents, District Office staff, Director of Special Education, Principals, Vice-Principals, Dept Chairs...)

Registration info will be available soon on www.csun.edu/ctl and through social media at
