

Dear (***Faculty Name***),

As you are likely aware, the Collective Bargaining Agreement (CBA) between the California State University (CSU) and the California Faculty Association (CFA) provides for a fiscal year (FY) 2022/2023 General Salary Increase (GSI). The GSI percentage amount is dependent upon the final State Budget.

In conjunction with the CBA language and the State Budget, signed by the Governor on June 30, 2022, eligible faculty employees will receive the following for FY 2022/2023:

- A 3% General Salary Increase effective July 1, 2022
- A 2.65% Post-Promotion Increase (PPI)

With the passage of the State Budget, the CSU is now able to coordinate the processing of the GSI with the State Controller's Office. Your increased salary rate will appear on your September pay period warrant (October 1, 2022 issue date). The retroactive portion of the salary increase, July 1, 2022 through August 31, 2022, will be issued by the end of September 2022. The PPI increases, if applicable, will process after the GSI increases are completed.

If eligible for the increase, you may review your new pay rate from the HR Tab, then select Payroll, then select *Compensation History* in the CSUN Portal at www.csun.edu, beginning October 1, 2022.

Please note that we will be working on a small number of exceptions that require manual updates. As such, if you do not see your increase in the portal on October 1, 2022 please check the portal again after November 1, 2022.

We appreciate your patience and understanding as we work towards finalizing the aforementioned salary increases. The CSU and CSUN are committed to ensuring all salary provisions due to the faculty are processed expeditiously and accurately.

Thank you for your valued contributions to the University. I hope you continue to find your work both challenging and rewarding as we strive to provide an excellent educational environment for our students.

Should you have any questions, please feel free to contact me at (818) 677-2118.

Sincerely,

Kristina de la Vega
