

## Minor in Economics (18 units)

*The Economics minor presents concepts that support the understanding of consumer behavior and business decisions. Students learn how individual industries function and gain an understanding of how the market economy functions as a whole. Students learn to evaluate how changes in technology, government regulation, and market circumstances will impact their own lives, the industries and organizations of which they are a part, and society.*

### **REQUIRED COURSES (9 units):**

ECON 160- Principles of Microeconomics

ECON 161- Principles of Macroeconomics (*Prerequisite: ECON 160*)

ECON 310<sup>1</sup>- Price Theory & Applications (*Prerequisites: ECON 160; MATH 103 or MATH 150A or MATH 255A with a grade of “C” or better.*)

### **ELECTIVES<sup>2</sup> (9 units):**

Students must successfully complete 9 units from any 300- or 400-level Economics course

<sup>1</sup>Effective Fall 2013, completion of ECON 310 with a grade of “C” or better is a prerequisite for 400-level Economics courses.

<sup>2</sup>For students choosing a minor in Economics ECON 307, 308, 310, 311, and 360 earn Upper Division General Education credit (up to six units can be applied to the Social Science category). Some courses may double count for Business majors.
