## Main finding

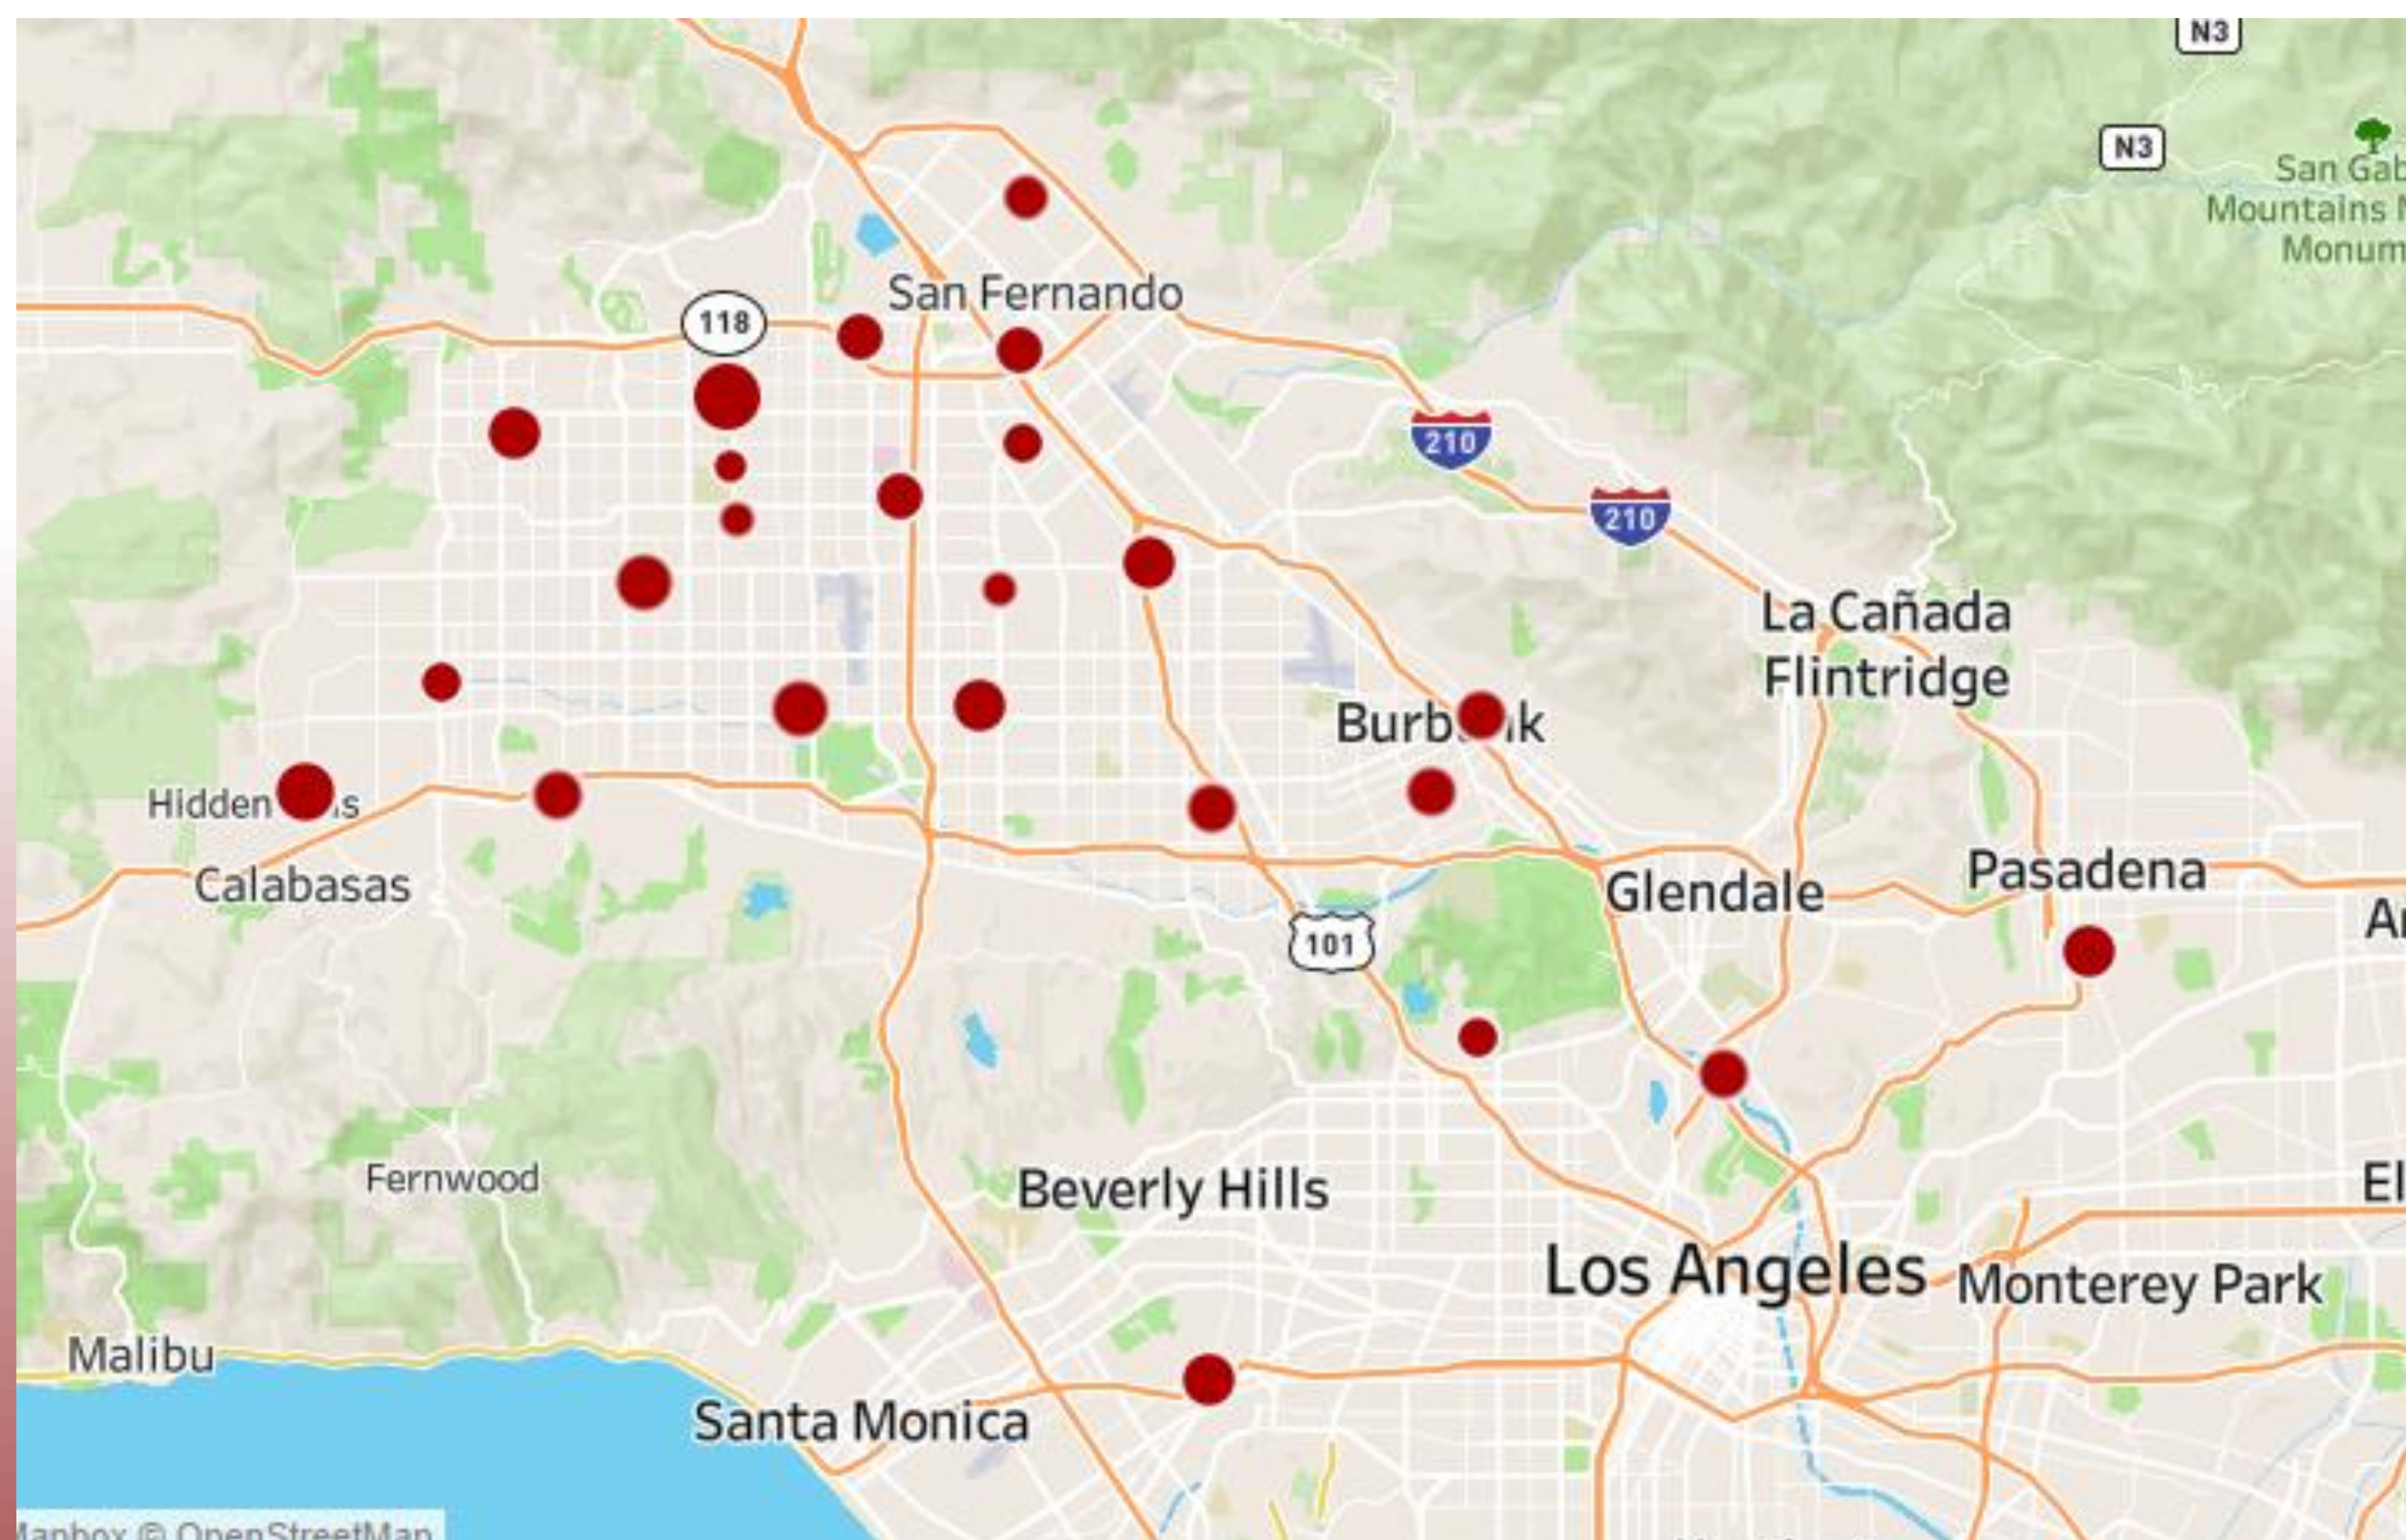

One third of our FTF come from 25 high schools located in the San Fernando Valley and West Los Angeles. Schools belong to three different school districts: LAUSD, Burbank Unified, and Glendale Unified.

## Top 25: 2014-2018

Over the last five years, the total numbers of students coming from the top 25 feeders has been very stable with rates that ranged from 29.9% in 2014 to 33.4% in 2018.

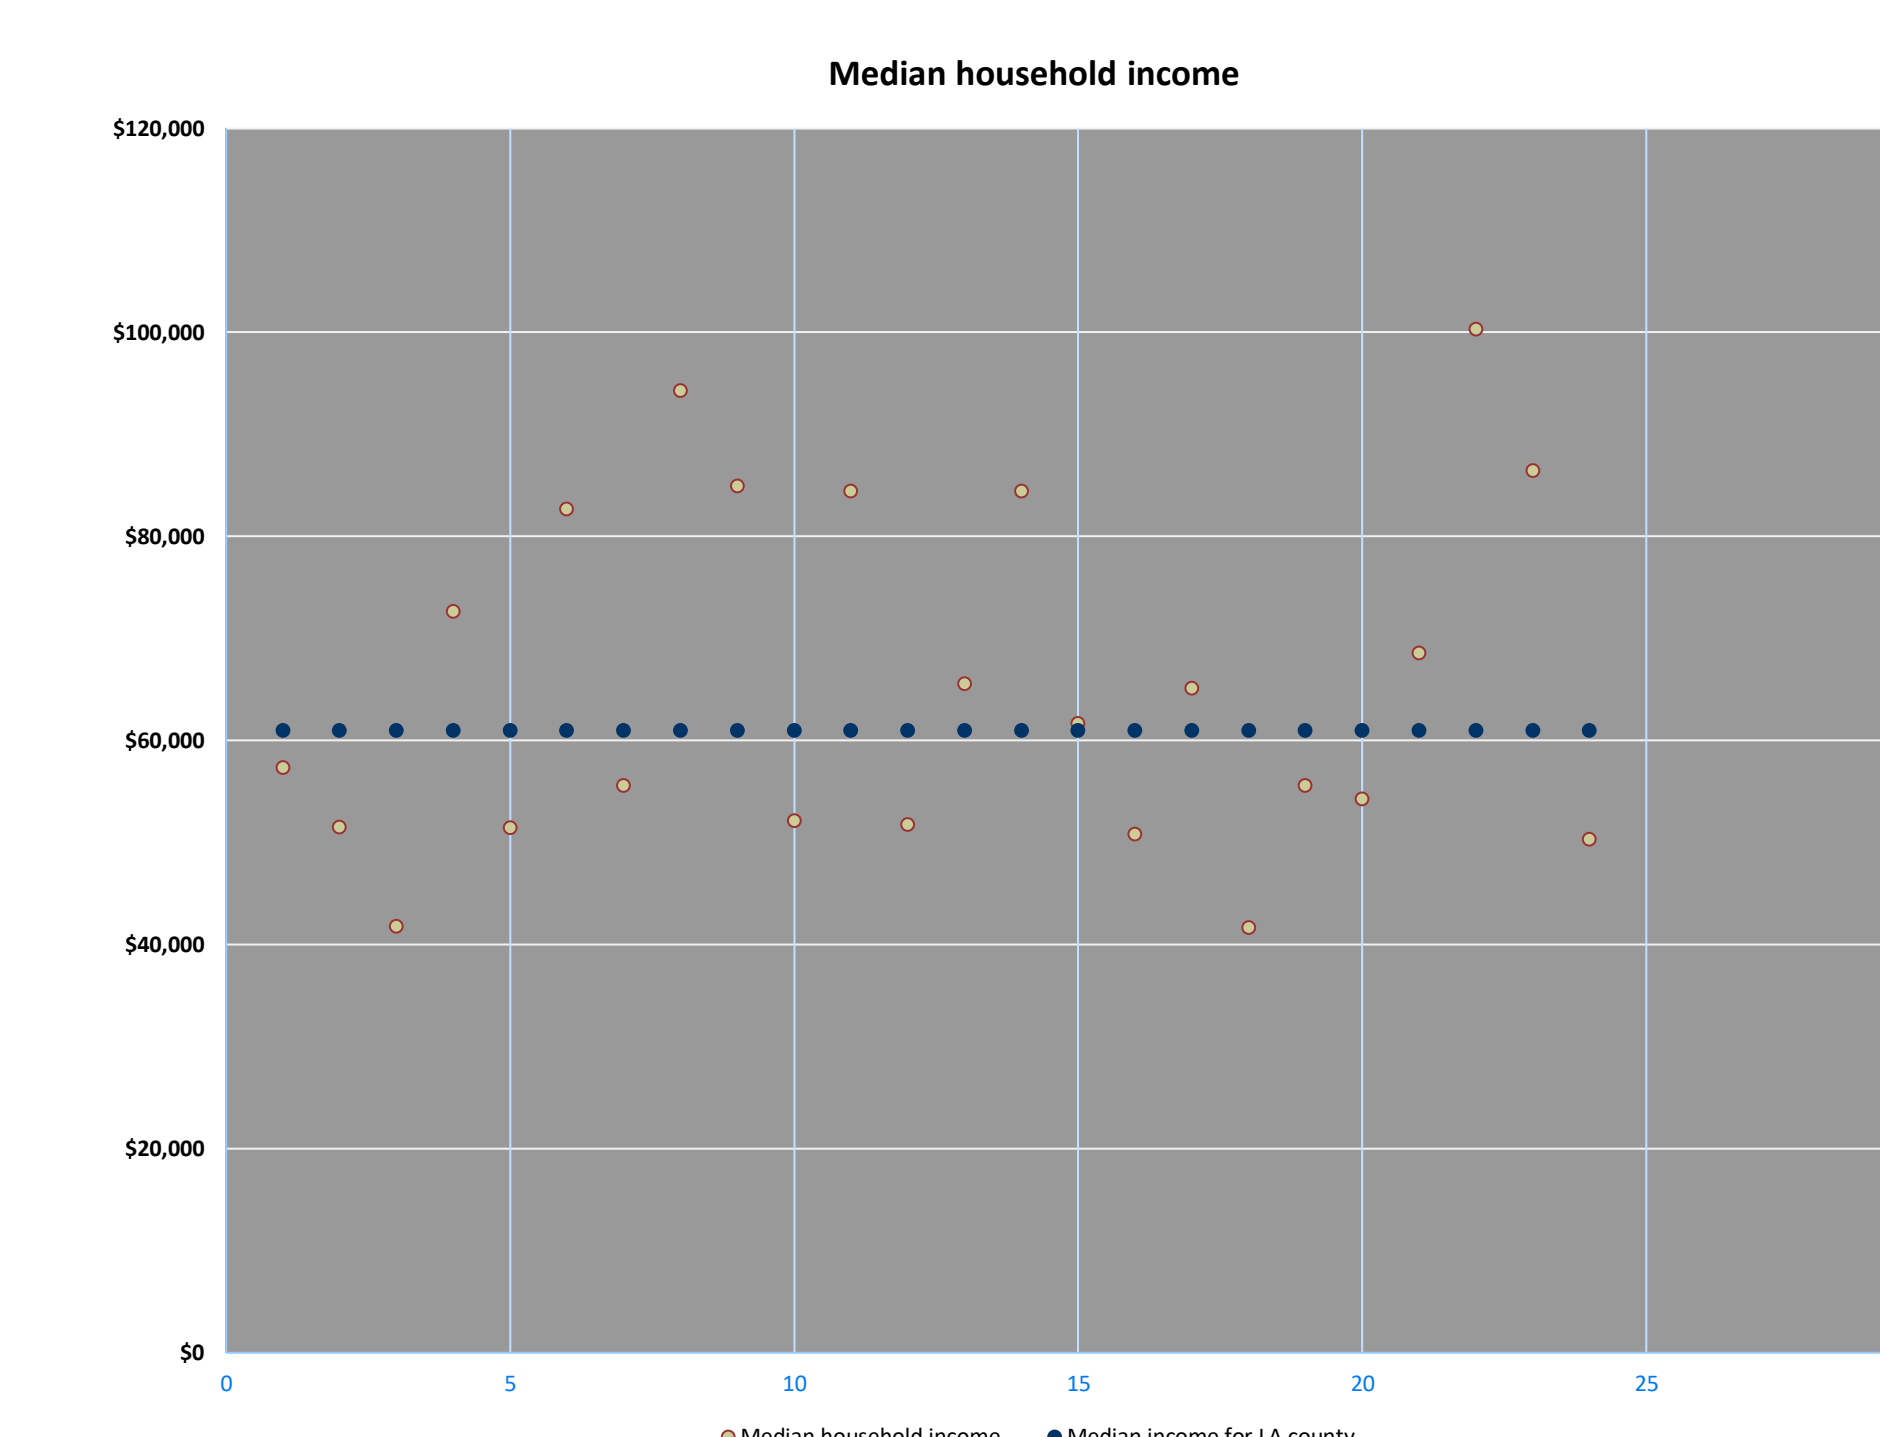

## What high schools do our students come from?

## Median Household

Median household incomes in the top 25 feeders' areas range from \$41,660 to \$100,323. Half of the high school feeders to CSUN are located in areas with household incomes below the median for LA county which is \$61,015.

## Sources

The data included in this report was collected from the National Center for Education Statistics (NCES), California Department of Education School Accountability Report Cards, California Department of Education (Data Quest), and WASC reports.
