ADVISING RESOURCES

- All second semester freshman will have an advising hold. Based on your major you will be assigned to certain departments for advising. Please visit the [university website page](#) under "I'm a New Freshman" for the certain college you belong to or scan the QR code .

FALL '24 checklist and advisement

- Around mid-late September you will be receiving an email through your CSUN Gmail account so you can schedule your advisement appointment. This appointment will go over how you are doing in your current classes and we will recommend you your Spring 2025 semester courses. We will NOT be helping you enroll into courses but will provide you the resources to do so.
- Once your advisement appointment is completed, then you will be able to self-enroll into courses on the date and time assigned to you in your CSUN portal under "Registration".
- Before you enroll in classes you MUST take care of any additional holds that you may have on your CSUN portal.
