Final Exam Policy

In lecture courses, no final examination may be scheduled by an instructor prior to the regularly scheduled time. Any student who finds it impossible to take a final examination on the scheduled date must make arrangements in advance with the instructor either to take the examination at another time prior to the deadline for reporting grades, or request that a [grade of Incomplete](#) be assigned and then follow the required procedures to remove the Incomplete. No exceptions will be made to these regulations without the written approval of the instructor, the department chair and the dean of the college in which the course is offered.
