

Job Title: Senior Application Developer
Job ID: 540771
Full/Part Time: Full Time
Regular/Temporary: Regular
Job Code: 0400 Analyst/Programmer
Job Grade: Exempt
Salary From: \$7,020 **Salary To:** \$10,660 If applicable
Department: IT Administrative Application Development

Major Duties

Under the general direction of the Senior Director, Enterprise Application Development, the Senior Application Developer provides leadership, project management, and programming expertise at a high technical level to the managers and staff of administrative and academic departments utilizing various CSUN SOLAR systems. The incumbent provides leadership and project management for the development of applications including PeopleSoft, ensuring alignment with business objectives and user needs.

- Conducts analysis of current systems, integrations and processes to identify opportunities for improvement and innovation
- Designs and develops systems, modules, programs, database administration, applications development, manages integrations, and systems support.
- Works closely with area managers and staff to recommend changes to business processes for more effective use of software/technology.
- Performs other duties as assigned.

Qualifications

- Equivalent to graduation from an accredited four-year college or university in a job-related field.
Five years of full-time, progressively responsible field-related experience, including one year of project management, team leadership, systems implementation and PeopleSoft development.
- Two (2) years of experience working with Peoplesoft applications is a plus.

Knowledge, Skills, & Abilities

- Extensive knowledge of: programming, systems analysis techniques, and systems development principles; and relational database principles. Knowledge of general analytical methods and techniques, as well as specific detailed knowledge and experience with the Enrollment Management portions of the PeopleSoft Campus Solutions module. Programming skills including SQL, SQR, PeopleCode, Application Engine, and PS Query. Knowledge of student-focused Customer Relationship Management [CRM] systems and the CSUN-specific SOLAR instances, is preferred.

- Ability to: examine logs and investigate the root causes of errors; code, test, and debug software applications; provide ongoing project leadership to technical development staff; analyze problems and propose effective solution.
- Ability to: understand functional and procedural requirements and develop alternative solutions; relate system solutions to departmental management and staff; and communicate effectively both orally and in writing; develop and make presentations; conduct meetings; develop and provide user training; and establish and maintain effective working relationships with others.

Pay, Benefits, & Work Schedule

The university offers an excellent benefits package, including but not limited to; medical, dental, vision, retirement & savings, tuition waiver and more.

The salary range for this classification is: \$7,020 - \$13,594 per month.

The anticipated HIRING RANGE: \$7,020 - \$10,660 dependent upon qualifications and experience.

HOURS: Full-Time; 40 hours per week; Monday through Friday; may include evenings and weekends.

REG: This is a Regular position with a one-year probationary period.

The position is currently hybrid (3 days in office, 2 days remote); however, this is subject to change based on student and/or operational needs.

General Information

A background check (including a criminal records check) must be completed satisfactorily before any candidate can be offered a position with the CSU. Failure to satisfactorily complete the background check may affect the application status of applicants or continued employment of current CSU employees who apply for the position.

How to Apply

Candidates should apply by completing the CSUN on-line application utilizing http://bit.ly/HR_CSUN link and must attach a cover letter that addresses the qualifications above and a current resume, including names of three professional references. NOTE: Internal candidates should apply through the portal by accessing the View Job Openings/Apply link on the Human Resources/Employee pagelet.

Initial review begins July 29, 2023 and will be considered in the initial review and review will continue until position is filled.
